Modular twin roll

This popular two-roll design halves restocking time, as when one roll is finished the other cleverly drops into its place. The model accepts conventional toilet rolls which are easier to store than jumbo paper rolls, making this dispenser ideal if storage space is an issue.

Simple to restock, and the internal mechanism is very hard-wearing and easy to maintain. A good choice for smaller washrooms or where using standard-size toilet rolls is an essential requirement.

- Designed for washrooms that experience light to medium use
- Two-roll holding design halves restocking time
- An excellent solution if storage of jumbo toilet rolls is an issue
