Mercury waste bin

Slim-line and stylish, this compact waste bin hardly looks like a bin at all – yet it holds 25 litres of rubbish. Good looks haven't sacrificed function though: with its smooth finish, the unit is incredibly easy to clean, and changing waste sacks is quick and stress-free. At home in the most sophisticated (and smallest) of washrooms, the waste bin can be free-standing to avoid damaging an expensive tiled finish, or wall-mounted to save space. Designed to compliment the most luxurious of spaces, this waste bin makes rubbish look stylish – honestly!
