

## washroom ranges

**Well known brands get more business.** However, you don't need to invest hundreds of thousands in TV commercials to get your brand recognised – **logos on our washroom range are seen by potential customers every day.**

Your brand can bring you even more business. Use our low-cost 4-colour printing service to print your logo and contact details across any or all of our Modular washroom range. We can even colour co-ordinate product windows with your brand and create custom-made labels and packaging (subject to quantity). We also offer free marketing support, so you can see what your logo looks like on our products before you commit to printing.

Low cost set-up charge and low minimum quantities mean this service is accessible for any business – **can you afford not to invest?**

family branding

corporate branding

If you want to **make extra certain people recognise your brand**, or your clients want **custom-made washroom modules**, we can design a range to suit your style and colour scheme.

You don't need to have product manufacturing knowledge – our expert team will take on **all the challenges** of design and production. Just tell us what you need, and we'll produce computer-simulated pictures based on your ideas so you can see exactly what everything looks like before production takes place.

We'll design durable, functional module covers to your specifications, and advise on the right ideas for best function. And **computer-aided design makes production super-fast** – give us your idea and it could be in production within months. Finished models can be produced before tooling is ordered.
